For Whom?
Whose lives will be affected by any actions we might take?

Catalytic Thinking
Bringing out the Best in People and Situations

Conditions for Success
What favorable conditions will lead to that success? What will the “for whom” need to have / feel / believe / know / be assured of?

Actions that will create those conditions
What actions will create those external conditions?

INTERNAL Conditions for Successful Actions
What favorable internal conditions will lead to that success? What will we need to be / have / feel / believe?

For the things we need to HAVE, who else has those things, with whom we can partner / share resources? (Collective Enoughness)

Highest Potential Outcome
What would success look like for those “for whom”? What would that success make possible for them?
